

1.1. Intro & Storage

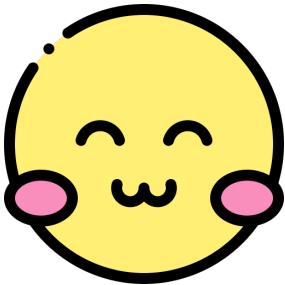

1.1 Storage

1.1.1 Organization of Data

- TODO find out how organization affects access time (Lecture 1)
- Organization affects the access time of data
- Random: each access = avg seek + avg Rot Delay + transfer 2 sectors
- Adjacent: much faster because minimizes seek time?

1.1.2 Managing free space

- bitmaps, linked list, 0 & 1 for free and not free.
